POLY-PAINTED GRAB BARS

ADA COMPLIANT

WINGITS® *EXCLUSIVE SureGrip™ features anti-slip silica added into the paint for a superior gripping surface.*

Exceeds all building codes, ADA, 2010 ADAAG and 2017 ANSI standards.

Pure 18/8 (304) stainless steel tubing.

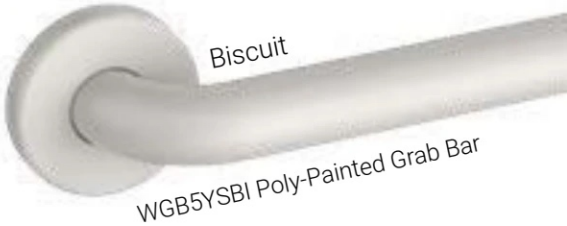
Polyester Fibrous Paint, a three-component paint, utilizes a resin, catalyst, and accelerant for the ultimate finish.

Paint will never fade or show signs of wear.

Available in any RAL color to match your design scheme.

WingIts® will work with you to create a custom product or finish if desired.

Suitable for indoor and outdoor use.



STANDARD™ GRAB BARS

Anti-slip grab bars repel dirt and bacteria.

WingIts® exclusive Diamond Knurling pattern offers an excellent grip, yet is gentle on sensitive skin.

Diamond Knurling and Peening are both available, which feature a better gripping surface than a typical smooth metal surface.

Pure 18/8 (304) stainless steel tubing.

ADA COMPLIANT

PLATINUM™ GRAB BARS

All parts are 18/8 (304) stainless steel tubing is 18-gauge (1.2mm).

Heavy cast stainless steel threaded flanges tighten to form a waterproof seal.

Meets or exceeds all building codes, ADA Criteria, 2010 ADAAG and 2017 ANSI standards.

GBW40 Grab Bar Fastener

RATED UP TO 800 LBS.
When installed into adequate structural blocking, or with WingIts® GBW40 THE BEAST™ Grab Bar fasteners in drywall with tile

PURE ELEGANCE™

ADA COMPLIANT

SOFT AND WARM TO THE TOUCH

PURE Elegance™ shower seats and tub benches exceed minimum 250 lbs. load requirement per the 2010 ADAAG and 2017 ANSI Standards.

Stainless steel mount plate and hinge rated up to 450 lbs.

Installs directly into adequate structural blocking to prevent liability.

Heavy nylon antimicrobial sheath exterior with directional slats.

Folds up neatly after use.

Pure 18/8 (304) stainless steel tubing covered with a nylon sheath.

Exceeds all building codes, ADA, 2010 ADAAG and 2017 ANSI standards.

Excellent non-slip and antimicrobial gripping surface for hands.

Exceeds safety rails in hazardous locations criteria as well as barrier free accessibility guidelines, including ADAAG, for structural strength.

PUTB30 Tub Bench

PUEX28RH 28" L-Shaped Right Handed Shower Seat

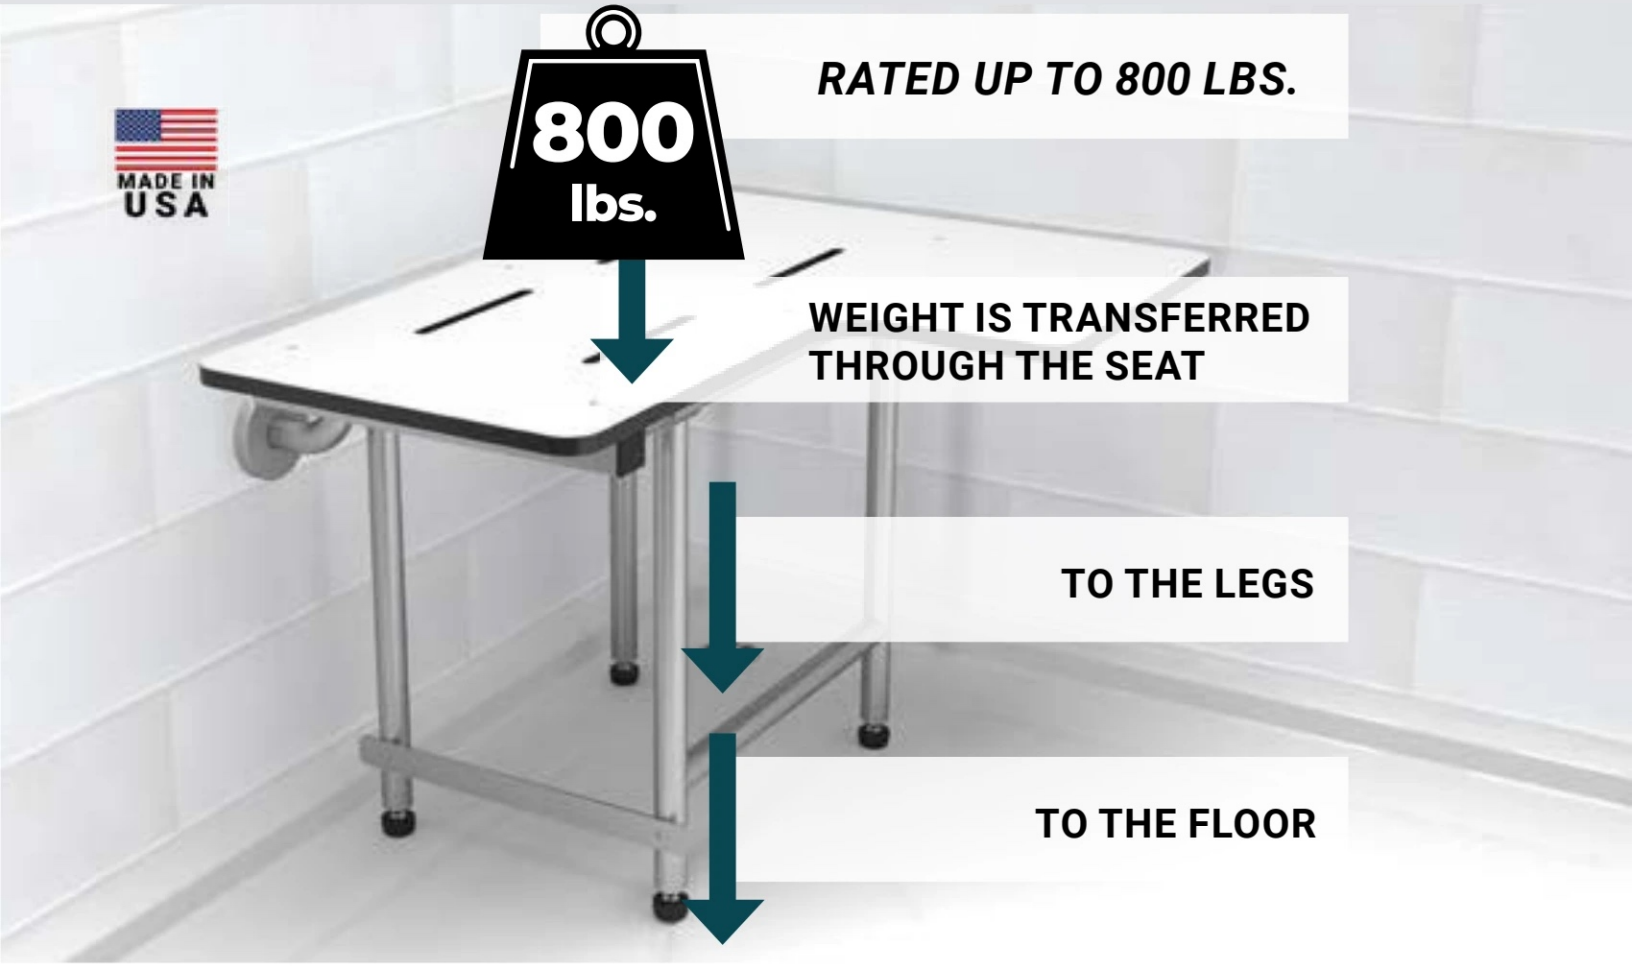
PUEX32LH 32" L-Shaped Left Handed Shower Seat

PURE Elegance™ Shower Seats and Tub Benches are ***NOT*** *compatible with WingIts® fasteners and* ***MUST*** *be installed into adequate structural blocking.*

SHOWER SEATS WITH LIFT-ASSIST™

The only shower seats that comply with the 2010 ADAAG and 2017 ANSI Standards Five Pound Maximum Lift Force Requirement. (Code 309.4)

Lift-Assist



WingIts® products are developed to meet ADA and building codes while exceeding all load requirements to ensure durability and minimize liability. We engineer our products to handle vector, vibratory, & moment forces while distributing the loading to ensure durability.

WingIts® will NOT make or sell items that expose our partners to liability– for example, our phenolic/stainless steel shower seats transfer the weight through structural legs into the floor because angle wall brackets are a liability! Additionally, our shower seats can be installed with our "BEAST" fastener when blocking is not available.

WingIts® – the Solution Company!

SHOWER SEATS & BALANCE BARS

800 lbs. load capacity rating for legs-to-floor designs when installed into adequate structural blocking, or with WingIts® GBW40 Grab Bar Fasteners in drywall with tile.

WingIts® shower seats are the easiest to lift on the market.

The only shower seats that comply with the 2010 ADAAG and 2017 ANSI Standards Five Pound Maximum Lift Force requirement (Code 309.4).

Feature phenolic tops and structural stainless steel carriage construction.

Structural solutions for extra safety in the bathroom.

Modern design combined with PATENTED BridgeBind™ technology creates the ultimate form in bath accessories.

Lifetime stainless steel industrial spindle.

Tub Bench installed with
GBW40 Grab Bar Fastener

GBW40
Grab Bar Fastener

- NEVER loosens—The World’s Strongest Fastener®
- Rated up to 800 lbs. in drywall with tile
- Over 3 MILLION installations without a single failure.

The GBW40 has been specified by every major hotel chain in North America in the last 20 years.

PORTABLE TUB BENCH

MEETS ADA CRITERIA 2010 ADAAG & 2017 ANSI STANDARDS

The 2010 ADAAG guidelines state that the top of bathtub seats shall be 17” (430 mm) minimum and 19” (485 mm) maximum above the finished bathroom floor.

Adjustable Tub Clamp: The height of the clamp assembly with the phenolic top is 3.5” (3” for the lift and 1/2” for the phenolic top). If the tub height is 13.5” – 15.5” AFF, this portable tub bench can be used and meets code of the 17” minimum – 19” maximum AFF.

The width of a removable in-tub seat shall be 15” (380 mm) minimum and 16” (405 mm) maximum.

The seat shall be capable of secure placement. Feet must rest on flat surface of tub for proper fit, not on radius of tub.

Rubber feet are adjustable for various surfaces.

Available in White Phenolic or Teak Phenolic, Padded Naugahyde is NOT an option with this bench.

MADE IN USA

WHPTB
Portable Tub Bench

250 lbs.

Exceeds the minimum 250 lbs. load requirement *per the 2010 ADAAG and 2017 ANSI Standards.*
